Unemployment Insurance Statistics

U.S. Department of Labor
Ray Marshall, Secretary

Employment and Training Administration
Ernest G. Green
Assistant Secretary for Employment and Training

This monthly report provides data that are collected and reported under unemployment insurance programs in the 50 States, the District of Columbia, Puerto Rico, and the Virgin Islands, and under Federal programs covering Federal civilian employees and ex-servicemen. Information is given on benefit payment activities, employer contributions, appeals decisions, and disqualifications by issues; for selected industries and major occupational groups; and by claimant's age, sex, and duration of unemployment.

The data are compiled by cooperating State employment security agencies and, in some cases, come from interviews with a sample of claimants in more than 3,400 local offices of the Federal-State employment security system. Additional data may be secured from these State agencies at the addresses listed on the inside back cover.
